

VETPAK SAFETY DATA SHEET

Section 1: Identification of the Substance or Mixture and of the Supplier

Product Name: Rotagen “Combo”

Recommended Use: As an aid to the prevention and treatment of neonatal scours in calves

Company Details: Vetpak Ltd.

Address: 150 Rickit Road, Te Awamutu.

Telephone Number: (07) 870 2024

Emergency Telephone Number: (07) 870 2024 8.00am to 5.00pm Monday to Friday except public holidays. National Poisons Centre, Department of Preventative and Social Medicine, University of Otago, P O Box 913, Dunedin, New Zealand. Phone (0800) 764-766 24 hours.

Date of Revision: 8th August 2008

Section 2: Hazards Identification

Hazards Classification: Not hazardous

Required Identification Details: None.

Section 3: Composition / Information on Ingredients:

Classification and Type: Food grade ingredients. All appear on the GRAS list except Dried Egg Powder which is a food.

INGREDIENTS:

Mixture	CAS Number	Proportion
Dried egg powder containing specific immunoglobulins	None	200 – 400 gm/Kg
Sodium Bicarbonate	144-55-8	50 – 65 gm/Kg
Anhydrous Dextrose	50-99-7	300 – 500gm/Kg
Kaolin	1332-58-7	175 – 350gm/Kg

Section 4: First Aid Measures:

Description of necessary first Aid measures:

Swallowed: None.

Skin: None.

Eye: Wash repeatedly with running water.

Inhaled: Remove source of dust and provide adequate ventilation.

Workplace Facilities: Running water, adequate ventilation.

Required Instructions: None.

Notes for Medical Personnel: General first aid conditions apply. Treat symptomatically.

Section 5: Fire Fighting Measures

VETPAK SAFETY DATA SHEET

Type of Hazard: Not flammable

Fire Hazard Properties: None.

Extinguishing Media & Methods: None.

Recommended Protective Clothing: Overalls and boots.

Section 6: Accidental Release Methods

Procedures to be covered: Contain spillage, sweep or vacuum spilled material up. Dispose of according to local authority regulations.

Section 7: Handling and Storage

Handling Practices: Handle in a well ventilated environment.

Store Site Requirements: Store in a cool dark place. Keep out of reach of children.

Packaging: Pack securely in sealed plastic bags in the original, labelled container.

Section 8: Exposure Controls / Personal Protection

Workplace Exposure Standards: Not applicable.

Application in the Workplace: Not applicable.

Engineering Controls: Provide adequate ventilation.

Hierarchy of Controls: Not applicable.

Exposure control Measures: Not applicable.

No Hazard Indication: Not applicable.

Ventilation specification: None available.

Subsection 3: Personal Protective Equipment (PPE):

Detail specifications for equipment: Not applicable.

Specific route of exposure: Not applicable.

General hygiene: Wash hands after use. Launder soiled protective clothing.

Section 9: Physical and Chemical Properties

Specify data for the product not the individual components:

Required Specifications:

Physical State: Powder.

Appearance: Pale yellow to yellow free flowing powder.

Boiling Point / Melting Point: Not applicable.

Vapour Pressure: Not applicable.

Specific Gravity: Not known.

Flash Point: Not applicable.

Flammability Limits: Not applicable.

Solubility in Water: Soluble.

Other Properties:

Further Specifications:

VETPAK SAFETY DATA SHEET

Specific Advice:

Section 10: Stability and Reactivity

Stability of the Substance: Stable.

Conditions to avoid: None.

Material to avoid: None.

Hazardous decomposition Products: None.

Hazardous polymerization: Does not occur.

Specific Data: None.

Section 11: Toxicological Information

Acute Effects:

Swallowed: None.

Skin: None.

Eye: None.

Inhaled: None.

Long Term Effects: None.

Summarise data: None.

Section 12: Ecological Information

Potential Environmental Considerations: None.

Data organisation: None.

Environmental risk phrases: None.

Section 13: Disposal Considerations

Disposal Information: Dispose of plastic bag by burning or land fill; dispose plastic container by crushing and landfill.

Relevant Information:

Section 14: Transport Information

Relevant information: No specific requirements.

Other requirements:

Section 15: Regulatory Information

Regulatory status: Registered pursuant to the ACVM Act, 1997, No. A9928. See www.nzfsa.govt.nz/acvm for registration conditions.

Section 16: Other Information

Additional Information: National Poisons Centre, Department of Preventative and Social Medicine, University of Otago, P O Box 913, Dunedin, New Zealand. Phone (0800) 764-766 24 hours.

1. The above information has been compiled on the basis of good faith, and our experience from the available technical knowledge and data for this product.
 2. Where health or safety data given discloses a risk to the user or environment, it is the responsibility of the Purchaser to pass on that information to employees or those who may be using the product, ensuring that adequate safety procedures are used.
